

ROYAL ADVANTAGE

HEAVY DUTY CONSTRUCTION

SOLID One Piece Output Shaft

One piece design allows for maximum strength and flawless finish

Strongest shaft on the market

Industrial Mounts

Trunnion mounts come with wearable pins

Plate mounts oversized for more support

Custom mounts available

Steel Housing Construction

Designed around our proven hydraulic cylinder line

IMPACT PROTECTION

Designed for high impact forces

Heavy Duty Internal Bumpers

Reduce unintended impact on the

HIGH QUALITY MATERIAL

Nitrided Piston Rods

Higher Corrosion Resistance

Better Wear ability

Resists Impacts better than chrome

Increase life of seals and wipers

INDUSTRIAL ADVANTAGES

Durable Wipers and Scrapers

Heavy duty rod wipers or optional solid brass scrapers protect the internals from

Dual Gland Wear Strips

Wear Strips eliminates gland bushing wear

SELECTION

We will work with you to custom design a cylinder for your application

Any Stroke

Any Mounting Style
